

Sizing Guideline for the suits

Female: Suits should fit snug, high on the hips with no wrinkles. Suits that are worn too big tend to wear out faster. If they come up into the armpit or are loose in that area, they can cause chafing.

Little girls: 20(4-5), 22(6/7), 24(8/10)

Girls: 26(10/12) 28(12/14)

Jr's/women's: 30(4), 32(6), 34(8), 36(10), 38(12), 40(14)

Male: Jammers should be worn like compression shorts/very tight boxer briefs
Boy's suits are also measured by waist.

Little boys: 20(4-5), 22-6/7), 24(8/10)

Boys: 26(10/12), 28(12/14 or men's 28 waist pant)

Suits should fit snug when trying on as they will stretch when they hit the water.

Suits should also be hand washed, no washer or dryer.
